DUNMORE.

Republican Candidates. Burgess—Dan Powell. Treasurer—Louis Engle. Tax Collector—William E. Correll. Councilmen—C. S. Weber and William McMillen. School Directors—M. K. Keilm and Jerry McPeck. Street Commissioner—George Jackson. Auditors—Harry Winters and F. M. Marshall.

The Tribune desires to impress upon the Republican voters of Dunmore the necessity of united action for party victory at the critical election which occurs on the 16th inst. One year ago, by a massing of strength and the support of this former Democratic Gibraltar, to the surprise of the hitherto dominant borough ring, was not only stormed, but carried.

For a time the Democrats were speechless with surprise; but when they came to a realization of what had happened, they immediately set about the work of preparation for the campaign.

And today they are not only organized, but have at command a sum of money larger than has yet been used by them. They are fighting with a will, and are stopping at nothing; but they can be whipped if Republicans will stand and work together.

Notorious abuses in borough government call for correction by the election of the entire Republican ticket, and the character of the men on that ticket is a guarantee that if elected they will change things promptly for the better.

Therefore, every Republican do his duty and volunteer for a battle which, if it end in victory, as we are convinced it will, will be one of the proudest in the political history of Lackawanna county.

Mrs. Carolina Williams, of Church avenue, has recovered from her recent illness.

The North End Basketball team was defeated last night by the Pittston team. The game was a close one, with the Pittston team leading by a score of 2 to 1. The game was not as good as the closeness of the score would indicate. The Pittston team is in better form to promote the popularity of the game. Neither side scored during the first half.

THAT PROPOSED SOUTH SIDE SEWER

The District to Be Drained by the One Provided For.

THE ESTIMATED COST IS \$36,000

The Original Estimate Was \$75,000 but by an Ingenious Arrangement Devised by City Engineer Phillips the Cost of the Improvement Was Cut Down Over One Half—Caring for the Surface Water.

The proposal to erect a sewer on the South Side is causing no end of excitement and discussion in that part of the city much of which is of a very in-temperate nature. Delegations wait on the mayor every day to talk with him on the subject. Some want him to sign the sewer ordinance and others threaten all kind of dire things if he attaches his signature to the document.

Yesterday several anti-sewerers were at the city hall entering their protest against the signing of the ordinance and inquiry developed the fact that they reside outside of the Seventeenth district which will be drained by the proposed sewer. The accompanying map shows the entire district. Those who live in the territory outlined in this map will have to pay for the proposed improvement which the city engineer says will cost \$36,000.

The original estimate for the construction of this sewer was \$75,000, but by an ingenious arrangement of pipes to carry off the overflow of water during heavy storms the city engineer was enabled to substitute a terra cotta pipe

WOMEN'S KEELEY LEAGUE.

Gave an Excellent Entertainment at Home of Miss Kathryn G. Maher.

Miss Kathryn G. Maher, second vice-president of the National Women's

Keely league, gave a reception to her friends, in conjunction with the Women's Keely league, at her home, No. 808 North Washington avenue, last evening. There was an immense throng of earnest workers and contributors in attendance.

Miss Maher's home was beautifully ornamented for the occasion. A programme was rendered which has probably never been surpassed in this city.

The Scranton Banjo, Mandolin and Guitar club rendered some pleasing selections which were encored. A vocal solo by Mrs. Schilling, of the cathedral choir, was rapturously applauded. It was "The Holy City" by Adams. Rev. J. J. B. Feeley was the orator of the evening. His discourse was a beautiful word picture, dealing with the misfortunes of man from intemperance and his delivery to solitary through the Keely remedies. Master Carroll Maloney, a mere youth, captivated the visitors, by a very creditable banjo solo. This was followed by an exquisite piano recital by Miss Nellie Beamish.

Miss Dorsey, an exponent of rare ability, recited "Kentucky's Philology" and for an encore gave "The Cook's Mishap." The entertainment was concluded by the Banjo, Mandolin and Guitar club, of which Miss Dean, of Wilkes-Barre, is leader and Miss Alice Hoban, Miss Emily Brainard, Miss Louise Brainard, Miss Russell and Lauer, members. Refreshments after the entertainment were served. A more thoroughly enjoyable social event has never occurred in Keely circles in this city.

A collection to defray the expenses of treatment of those deserving them was taken up which netted a large sum. These entertainments will be continued from time to time at the home of the other members of the Women's league and if the initial entertainment is a forerunner of subsequent ones then the ladies are to be congratulated. E. F. Blewitt was chairman of the evening's exercises.

BURIED AN INFANT IN A FIELD.

Inhuman and Unnatural Conduct of Residents of Jermya.

Deputy Coroner Pennypacker was called to Jessup yesterday afternoon to investigate the finding of a female infant under suspicious circumstances near the Strickel Creek company's breaker yesterday morning. Late on Wednesday night Patrick Munley noticed three men walking along the Delaware and Hudson tracks. One of the number carried a lantern and the other two were burdened with a box only a few feet in length. The circumstances appeared to Munley to be suspicious and he began to follow them. When they discovered that they were followed they became angry and threatened Munley. He, however, continued to shadow them for some time afterward.

Yesterday morning he made an investigation and in a field near the Delaware and Hudson tracks he discovered a spot where the ground appeared to have been broken recently. He began to dig and soon uncovered a soap box containing a dead infant. The box was taken possession of by Squire Peeney, of Jessup, and Coroner Longstreet was summoned.

Deputy Pennypacker responded and after interviewing a jury an investigation was held. It was found that the infant was still born and had been delivered by a physician after midwives had been operating on the mother for some time. The verdict of the jury was that the only violation of the law was the non-compliance with the borough's law in respect to reporting births to the health board.

The health board will begin action against the parties for the violation of the law.

MINE IMPROVEMENTS.

The Old Forge Coal Company to Wash Cuts Into Their Mine.

The Old Forge Coal Company, of which John B. Law is general manager, has issued orders to the effect that the Phoenix colliery will work all week instead of only three days as usual. This order of things is made necessary by the tearing down of the tower over the Columbia shaft, which will hereafter be used as a second opening for the Phoenix. The company prefers to close their mine next week, rather than to run the risk of having an accident occur, which might imperil the lives of a large number of men who work in the mines.

The old Columbia breaker will be fitted up as a culm washer. The company also expects soon to begin to wash the culm into the mine for the purpose of filling up the old workings.
